- ▶ 14" depth allows for use on any of our wall products
- ▶ Available in Quarry Blend and Graphite

Single BullNose

8" x 14" x 2.375"

Double BullNose

TECHNICAL SERVICES

Please call our sales office or visit our website for complete technical information and literature. We also offer design consultation, specification assistance, and job-site quality review upon request.

Deicing Advisory

If coping units are used as stair treads that will be subject to deicing chemicals, they must be treated with a non-film forming, penetrating-type sealer. See your local Ideal Dealer for more information.
